

18V XR

18V XR BRUSHLESS 30CM CHAINSAW DCM565

The DCM565 18V XR Compact Chainsaw is a versatile tool that can be used in either outdoor or construction applications. Featuring a 300 mm bar and chain, the DCM565 is equally effective at cutting logs as it is trimming timber beams in confined spaces. Lightweight and easy to maneuver, the DCM565 benefits from a large auxiliary handle, auto-oiling and tool free bar and chain replacement. The lightweight and compact saw has a 30 cm cutting capacity and a chain speed of 7.68m/s. A variable speed trigger results in improved control during cutting and means that no pull start is required. The DCM565 uses tool free bar fitment and tensioning for quick, easy chain adjustments, as well as automatic oiling— both of which result in reduced maintenance.

SPECIFICATIONS

Bar length	300 cm
Cutting capacity	30 cm
Chain speed	7.68 m/s ²
Variable speed trigger	Yes
Oil tank capacity	120.0 ML
Cuts per charge (5.0 Ah)	70 cuts in 4" x 4" timber
Weight	3.3 kg
