

## HUSQVARNA PW 490

An extra-large and powerful high-pressure washer with a robust and purposeful design, built for the toughest cleaning tasks outside. The brass pump with ceramic pistons ensures outstanding durability. With the pressure control you can adjust water flow and pressure perfectly. Includes an integrated detergent tank which is controlled on the front panel. The brass pump head ensures outstanding long-term performance. A steel reinforced armed high-pressure hose is included. The Low Force grip activates the trigger with less effort and more comfort for your hand. The induction motor ensures a dependable performance while the aluminium carrying handle facilitates transportation. Quick hose coupling, large and robust wheels for better traction, and a long spray lance add to the experience. Two swivel functions, for nozzle adjustment and quick connection, prevent hassle. On-board accessory storage, hose reel with metal support guide for easy roll-up and power cord storage make operation efficient. Two nozzles are included.

### Steel Reinforced High-Pressure Hose

The flexible high-pressure hose is reinforced with steel to give you extra durability, easy handling and a prolonged product lifetime.

### Ceramic Coated Pistons

The ceramic coated pistons are a professional feature that makes function and operation even more reliable and prolongs your machine's lifetime.

### Brass Pump Head

The extra durable pump head is made of brass, which minimizes the risk of breakage and ensures an outstanding long-term performance.

### On Board Storage

All included accessories can be neatly stored on the machine for easy access and more efficient work.

## FEATURES

- Ensures outstanding performance
- Prolonges the machines lifetime
- Extra durability and prolonged product lifetime
- Easy access and more efficient work
- High durability and long lifetime
- More ergonomic working positions
- Hose reel with supporting guide
- Adjusts operation pressure perfectly with maintained function when changing nozzle
- Easy movement and reliable traction
- Targeted high cleaning performance
- Easy transportation and convenient storage
- Makes moving and transport of the machine extra convenient
- Increased versatility for a wide range of cleaning tasks

Technical Specifications	
<b>CAPACITY</b>	
Container capacity	2.0 l
Electric protection class	IP X5
Max pressure	160 bar
Max self-priming suction	1 m
Max. Water inlet temperature	60 °C
Operating pressure Max	120 bar
Water flow	470–520 l/h
<b>DIMENSIONS</b>	
Article gross weight	31900 g
Article net weight	28400 g
Hose length	15 m
Length of cord	5 m
<b>ENGINE</b>	
Electric protection class	IP X5
Frequency	50 Hz
Phases	1
Power rating	2400 W
Rated current	10.0 A
Voltage	230–240 V
<b>EQUIPMENT</b>	
Plug	Type I - 240 V
<b>PACKAGING</b>	
Packaging height	870 mm
Packaging length	400 mm
Packaging volume	139.20 dm <sup>3</sup>
Packaging width	400 mm
Quantity in Master pack	1
Units Per Pallet	6 pcs
<b>MATERIALS</b>	
Master pack: Paper + Cardboard	0 g
Metal total	0 g
Paper + Cardboard total	0 g
PE total	0 g
PET total	0 g
Plastic foil	0 g
Plastic rigid	0 g
Plastic total	0 g
PS/EPS/HIPS total	0 g
<b>SOUND AND NOISE</b>	
Sound power level, guaranteed (LWA)	89 dB(A)
<b>VIBRATIONS</b>	
Hand arm vibration (Aeq)	2.5 m/s <sup>2</sup>
Vibration (ah) Vibration max ah	2.5 m/s <sup>2</sup>
