

Husqvarna 522iHD75

Husqvarna 522iHD75 is a well-balanced, lightweight 36 Volt battery hedge trimmer for full-time professional use. Power-equivalent to a petrol hedge trimmer. This high-performance, cordless hedge trimmer is superb for more frequent trimming. It features a high-speed gear and a 75cm double-sided cutter bar with sharp, trim cutting blades, grinded on three sides. Place the battery in the product for great cordless manoeuvrability or maximise runtime by using the special adapter accessory to connect to a backpack battery. Integrated connectivity for easy connection to digital services. Battery and charger not included.

Trim cut blades

The hardened steel blades, optimised teeth geometry and high knife speed increase productivity when trimming.

Lightweight design

Lowest total weight within the Husqvarna hedge trimmer range through optimized components and lightweight motor.

High cutting performance

Highest cutting performance within the Husqvarna battery hedge trimmer range.

Integrated connectivity

Machines with a built-in connectivity module can easily be connected to Husqvarna Fleet Services™. Allowing you to see each machine's last known location, its usage stats and service history – and much more. This also facilitates updates of the machine's firmware, so that it's always compatible with the latest functions in Husqvarna Fleet Services™.
