

525iDEPS MADSAW

The Husqvarna 525iDEPS MADSAW is the industry's first and only dielectric battery-powered pole saw that is individually tested to meet OSHA 1910.269 and delivers an extra measure of safety for skilled line workers, utility workers, and tree care professionals. The MADSAW can be used in the bucket, in the tree, or on the ground for extreme versatility. Purposeful design allows the pole saw's sections to quickly disconnect for secure storage in a tree care truck or utility vehicle. More productive than a manual saw and as powerful as a hydraulic pole saw, the battery-powered MADSAW makes pruning and limbing projects more efficient than ever before.

Toolless aluminum couplers

Equipped with durable, toolless aluminum couplers that easily can be loosened or tightened for quick and easy assembly and storage.

Removable sections

Section can be removed for testing, easy storage, transportation and replacement.

High performance powerhead

525i powerhead delivers performance that meets performance of petrol equivalent.

Tether point

A tether point is attached at the rear to assist operator or to allow the MADSAW to hang in storage. It also protects the powerhead.

FEATURES

- High performance battery powerhead
- Quickly disconnect for easy portability
- Toolless couplers for quick assembly
- Tether point at the rear
- Protects operator's hands
- Adjustable, automatic chain lubrication
- Removable hook for harness
- This product does not emit CO emissions during use.

Technical Specifications	
BATTERY	
Battery	No
Battery type	Li-Ion
Battery voltage	36 V
CAPACITY	
Chain speed at max power	20 m/s
DIMENSIONS	
Article gross weight	11975 g
Bar length	305 mm
Full length, including cutting equipment	360 cm
Size	12
Tube diameter	38 mm
Tube length	1759 mm
Weight (excl. battery and cutting equipment)	6 kg
Weight (excl. cutting equipment)	6 kg
ENGINE	
Motor type	BLDC (brushless)
EQUIPMENT	
Chain type	S93G
Connected digital function set (calc)	FMS : N/A N/A
Pitch	3/8" mini
Connectivity	Bluetooth®
LUBRICANTS	
Oil tank volume	0.15 l
Power/fuel type	Battery
MATERIALS	
Master pack: Paper + Cardboard	0 g
Metal total	0 g
Paper + Cardboard total	0 g
PE total	0 g
PET total	0 g
Plastic foil	0 g
Plastic rigid	0 g
Plastic total	0 g
PS/EPS/HIPS total	0 g
PACKAGING	
Packaging height	191 mm
Packaging length	1543 mm
Packaging width	321 mm
Quantity in Master pack	1
