

Husqvarna TC 114

This reliable effective garden tractor maximises the feeling and finish of every cut. Packed with carefully selected features for an enhanced sit-in experience, its easy-to-reach levers, side-by-side pedals and spring-assisted cutting deck let you cut in comfort. Mow more for longer with its 250L bagging capacity, get more jobs done with its towing hook and free up storage space thanks to its compact design. Husqvarna quality for ease of use, maintenance and outstanding results.

Adjustable driver seatTool-less adjustment of seat position.

Hour meterHelps you having control over service and maintenance intervals.

Ergonomic driving position

Easy-access controls and plenty of leg room thanks to the adjustable seat. The spring assisted height adjustment cutting deck makes it easy to operate.

FEATURES

- · Dual headlights at the front.
- Helps you having control over service and maintenance intervals.
- Tool-less adjustment of seat position.
- Easy-access controls and plenty of leg room thanks to the adjustable seat. The spring assisted height adjustment cutting deck makes it easy to operate.
- The cutting deck is equipped with anti-scalp wheels, which reduce the risk of scalping when cutting uneven lawns.
- Compact design for effortless navigation in narrow passages and easy storage while not in use.
- Safe and convenient access to the mow in reverse functionality.
- Fuel level window makes it easy to check the fuel level.

- Dual pedal drive for better drive control and easy, intuitive operation.
- Controls levers on one side make it easier to get in and out of the seat
- Towing hook Included for multiple rear attachments.
- Large bag collects your grass clippings, leaving a clean lawn as a result.
- Easy engagement of cutting blades; simply pull the switch on the control panel.
- Turn key start
- Easy speed and direction control with pedal-operated hydrostatic transmission. Separate pedals for forward and reverse.
- Easy accessible cutting height adjustment for improved ergonomics. The spring-assisted cutting deck makes adjustment easier.
