

Husqvarna TS 218T

Husqvarna TS 218T garden tractor combines a convenient ride with efficient cutting and a powerful engine to maintain larger lawns easily. Easy-to-reach controls and levers, quickly adjusted seat contribute to high comfort and good ergonomics. Small equipment and hand tools can be stored in practical storage compartments to be easily accessible when needed. The 108 cm cutting deck offers excellent cutting performance and with a wide range of cutting heights, adjustments can be made to suit different needs and grass conditions. The adjustment is spring assisted to reduce strain for operator.

Engine features like auto choke, oil filter and twin cylinder, and robust design with cast iron front axles ensure reliable and durable performance. ROS (reverse operation system) is activated with the start key for quick access to reverse mowing, and to minimise the risk of the function being used unintentionally. There is also a brush guard to protect the front.

Specifications

Engine

Cylinder displacement	708 cm ³
Motor/engine manufacturer	Husqvarna
Engine name	HV 708AE
Net power at preset rpm Energy	15.4 kW
Net power at preset rpm	3,100 rpm
Cylinders	2
