

Husqvarna 215iL without battery and charger

Husqvarna 215iL is a battery-powered grass trimmer that is well balanced, easy to maneuver, and has the power to trim everything from lawn edges to tall grass in large gardens. The telescopic shaft is easy to adjust based on different users for good ergonomics and facilitates storage and transport. For a smooth and problem-free trimming experience, the trimmer has an intuitive keypad and a trimmer head that does not need to be taken apart when loading with a new line.

Automatic shutdown

The product automatically shuts down when left unattended, extending battery life and reducing injury risk.

Efficient Brushless Motor

Brushless motor for higher efficiency, longer lifetime, and less maintenance compared to brushed motors. Since there are no brushes, friction is eliminated, no energy is lost, and the motor runs cooler. This also eliminates the need for maintenance or replacement of worn brushes, and you can benefit from improved performance and higher torque.

Low Carbon Emissions

By choosing this product, you can feel confident that it produces lower carbon emissions during active use compared to a traditional petrol product. This battery-driven product does not emit any CO₂ during use while still providing the power and quality that you expect from a Husqvarna product. However, it's important to note that CO₂ emissions are generated during other stages of the product's lifecycle, such as production, charging and end-of-life disposal.

Power-Conserving savE™ Mode

SavE™ mode maximises the run time, reduces noise levels and preserves product battery life by lowering the rpm. Ideal for tasks that do not require full power. Just press the button to turn savE™ mode on and off.

FEATURES

- This product does not emit CO emissions during use.
- Brushless motor for higher efficiency, longer lifetime and less maintenance compared to brushed motors.
- The product automatically shuts down when left unattended, extending battery life and reducing injury risk.
- SavE™ mode maximises the run time by lowering the rpm and is ideal for tasks that do not require full power.
- Husqvarna's flexible 36V system BLi-X offers battery power for everything from light and demanding homeowner tasks to professional use.
- Compact, lightweight design for comfortable, ergonomic use and less strain on the body.
- The battery is placed horizontally through the machine to reduce the risk of dirt and water getting into the battery compartment.
- The low noise level contributes to a pleasant working environment and minimal disturbance to the surroundings.
- With the Rapid Replace™ trimmer head, you can easily reload the trimmer line without opening the cover.
- The keypad is intuitive to operate, and you can easily adjust the settings with just the push of a button.

Technical Specifications	
BATTERY	
Battery	No
Battery charger	Not included
Battery pack weight	0 kg
Battery type	Li-Ion
Battery voltage	40 V
Number of batteries included	0
Weight (excl. battery and cutting equipment)	2.6 kg
Weight (excl. battery)	2.9 kg
CAPACITY	
Maximum power speed	6800 rpm
Maximum rpm output shaft	6800 rpm
Output shaft thread	--
DIMENSIONS	
Article gross weight	4230 g
Article net weight	3790 g
Cutting width	31 cm
Tube length	1040 mm
Tube diameter	36 mm
Weight (excl. battery)	2.9 kg
ENGINE	
Motor type	BLDC (brushless)
EQUIPMENT	
Connected digital function set (calc)	Premium : N/A N/A
Drive gear angle	0°
Gear ratio	1
Handle type	Loop
Grass blade	Not included
Harness	Not included
Saw blade	Not included
Trimmer head	R25B
Output shaft thread	--
PACKAGING	
Packaging height	152 mm
Packaging length	1250 mm
Packaging volume	38 dm ³
Packaging width	200 mm
Quantity in Master pack	1
MATERIALS	
Master pack: Paper + Cardboard	0 g
Metal total	0 g
Other plastic: rigid	0
Paper	0 g
Paper + Cardboard total	1030 g
PE total	0 g
PET total	0 g
Plastic foil	0 g
Plastic rigid	0 g

PS/EPS/HIPS total	0 g
SOUND AND NOISE	
Sound power level, guaranteed (LWA)	92 dB(A)
Sound power level, measured	90.5 dB(A)
Sound pressure (15m)	0 dB(A)
Sound pressure level at operators ear	74.9 dB(A)
VIBRATIONS	
Daily Vibration (Aeqv)	4.5 m/s ²
Daily Vibration Exposure (A8)	4.5 m/s ²
Daily Vibration Time (Time factor)	0.3 h

Technical Specifications

Equivalent vibration level (ahv, eq) front handle	4.5 m/s ²
Equivalent vibration level (ahv, eq), front handle, collapsed	4.5 m/s ²
Equivalent vibration level (ahv, eq) left handle	0 m/s ²
Equivalent vibration level (ahv, eq) rear handle	2.7 m/s ²
Equivalent vibration level (ahv, eq), rear handle, extended	2.7 m/s ²
Equivalent vibration level (ahv, eq) right handle	0 m/s ²
Vibrations handlebar	0 m/s ²
