

BERENDS

Folding S Tine Cultivator

- * Working width 5.4m
- * Fitted with 54 tines at 100mm centres.
- * Fitted with crumbler for a superior finish.
- * Fitted with solid rubber tyres, no risk of punctures and improved capacity.
- * Transport width when folded: 3.5m.
- * Folding wings which offer two alternative positions: Floating to follow the contour of the ground being worked, or locked to assist penetration in hard ground.
- * Choice of four different points for different applications.
- * 12 Month Warranty against faulty materials and workmanship.

Standard Reversible Point 40mm point ideal for nearly all jobs from general cultivation and pasture renovation to mixing fertiliser.

Lucerne point: 10mm bimetal blade suitable for cutting into pasture mat to improve productivity. Also used for thinning out wheat fields.

Goosefoot: 70mm share designed to break up very hard ground. Excellent for light stubble cultivation, penetrating couch grass, weed removal and mixing in fertiliser.

Duckfoot: 105mm point which has 100% coverage on standard S tine. Used to quickly spill out weed growth or working previously cultivated ground. Good at cutting off tap roots and mixing in fertiliser.
