CHEETAH II

#ScagNation Profile

COLE H.

**SCAG OWNER FOR 2 YEARS
COMMERCIAL OPERATOR**

WHY DID YOU CHOOSE SCAG?

*"Best cutting mower
I have tried and a good
local dealer."*

**HOW DOES OWNING A SCAG
IMPROVE YOUR BUSINESS?**

*"I am able to mow more
efficiently due to the
quality-of-cut compared
to other mower brands
I have had in the past."*

FEATURES & SPECIFICATIONS

- Quick-Fit™ steering control levers, the Operator Suspension System and a spacious footplate reduce fatigue for comfortable operation.
- Double-tube mainframe makes the Cheetah II™ tough, durable and dependable year after year.
- Extra-low center of gravity gives the Cheetah II surefooted stability on a wide variety of terrain.
- Fabricated, welded and reinforced Velocity Plus™ Cutter Deck is ultra-strong and truly commercial-grade. Tri-Plate deck top is nearly ½" thick.
- Engine options include Kawasaki® FX EFI or Briggs Vanguard® EFI.
- Dual tanks provide up to a 13-gallon fuel capacity to keep you mowing for hours, ensuring better productivity.
- Heavy-duty Ogura GT5 (350 ft lb) clutch; adjustable air gap for long service life.
- Adjustable, three-position steering-lever-dampener mounting lets you customize the feel and responsiveness of the controls for easier operation.
- Convenient cup holder keeps beverage within reach.
- Foot-operated parking brake allows the operator to apply the brake without removing hands from the steering controls.
- Dual, integrated Hydro-Gear® transaxles give you responsive, dependable power; a cooling fan on each unit keeps operating temperatures low.
- Large-capacity hydraulic system increases component efficiency and extends system life.
- Extra-large drive tires provide dependable traction and a smooth ride.
- 6"-wide, flat-free front caster tires have tapered roller bearings in the axles and pivots for long life; lip seals keep grease in and dirt out.
- Tiger Eye™ Advanced Monitoring System keeps a constant, real-time "eye" on important system functions of the Cheetah II. (Specific functions vary by mower model and engine.)
- Integrated tie-down locations make securing the Cheetah II on a trailer simple.

OPERATOR SUSPENSION SYSTEM

Isolates the operator station from the effects of rough terrain. A coil-over shock provides effective suspension action right where it's needed, and only where it's needed, for a smooth ride. Adjust the suspension system on the fly from firm to soft with a selection of five settings to match your personal preference.

This ultra-simple design utilizes only three moving parts to cushion the operator while maintaining the structural integrity of the mower's frame. Most importantly, this suspension system has no negative effect on the quality-of-cut.

The comfortable, contoured seat features rubber iso-mounts at four points to absorb vibration and increase comfort.

Two-speed ZT-5400® transaxle lets you choose either Low Range to travel up to 12 mph or High Range for up to 16 mph.

Operator-friendly instrument panel includes a conveniently located ignition switch, cutter-deck-engagement switch, choke, throttle controls and Tiger Eye Advanced Monitoring System.
