## FEATURES & SPECIFICATIONS

- High-strength, double-tube steel frame ensures a solid foundation for years of reliable service; replaceable front caster wheel weldment.
- Cutter deck driveshaft system provides consistent, reliable power and a wide cutting-height range; deck cutting heights range from 1½" to 6" in ¼" increments.
- Heavy-duty drive system features dual 16 cc pumps and high-torque 18 ci Parker wheel motors for responsive, dependable power.
- Up to 12 mph forward speed for maximum productivity.
- Large-capacity hydraulic system includes a large oil cooler to increase hydraulic component efficiency and extend system life; pump cooling fans further cool the hydraulic system.
- Fabricated, welded and reinforced Velocity Plus™ Cutter Deck is ultra-strong and true commercial-grade. Tri-Plate deck is nearly ½" thick.
- Large caster wheels feature tapered roller bearings in axles and pivots for long life; lip seal keeps grease in and dirt out.
- Flat-free caster tires reduce maintenance costs and keep you in the field, cutting grass.
- Large 6-ply, 26" drive tires deliver superior traction and a smooth ride.
- Command-Comfort Operator Station features unprecedented levels of adjustability and ergonomics. This individualized system fights fatigue and provides maximum comfort and convenience.
  - 4-point, rubber iso-mounted, torsion-spring suspension seat adjusts to operator's weight to provide superior comfort. Seat features full padding, forward/rearward adjustment, high back, adjustable armrests and adjustable back angle.
  - Quick-Fit™ steering control levers are fully adjustable to provide a custom fit for maximum comfort.
  - 3-position deck-lift foot pedal allows individualized comfort for operators of all heights.
- Convenient cup holder keeps beverage within reach.
- ROPS (Roll-Over Protection System) is standard equipment, featuring low hinge point for easy transport and storage.
- Adjustable, foot-operated parking brake allows the operator to apply the brake without removing hands from the steering controls. Ausco disc brakes for reliable performance.
- Ultra-low center of gravity makes the Turf Tiger II surefooted on a wide variety of terrain.
- Large-capacity, single fuel tank with a large, angled neck for easy filling provides hours of cutting without refueling; 12-gallon capacity. Tank is mounted under the seat to lower the center of gravity for better stability and handling.
- Tiger Eye™ Advanced Monitoring System keeps a constant, real-time "eye" on important system functions of the Turf Tiger II. (Specific functions vary by mower model and engine.)

## FUEL INJECTION

### MAXIMIZE POWER & REDUCE FUEL COSTS

The Scag® Turf Tiger II is available with an air-cooled Briggs & Stratton® Vanguard® BIG BLOCK™ EFI engine. This engine is equipped with electronic fuel injection (EFI) to reduce fuel consumption and maximize power. The Turf Tiger II can also be outfitted with a Kawasaki® FD850D-DFI (digital fuel injection) or propane-powered Kohler Command PRO EFI engine that optimizes fuel economy and maximizes your profitability.

Dual 16 cc Hydro-Gear® pumps power this dependable drive system. Pump shock valves ensure reliability and long life. Cooling fans help maintain safe operating temperatures.

Heavy-duty driveshaft delivers solid, dependable power to the cutter deck. Specially engineered for ease of maintenance.

Oil cooler keeps hydraulic temperatures low for efficient operation, added reliability and long component life.
